E. <u>SESSION SUMMARY</u>:

A significant natural disaster, something like a volcano, will occur in the Himalayas.

As a second item of interest, the name "Gother" surfaced as being responsible/possibly involved (as a trustee?) in a big money scandal, possibly in the US.

TOPICAL SEARCH - COMMENTS:

- The topical search consists of the conduct of a remote viewing session directed against targets whose outcome is in future time. It is predictive in nature and normally addresses targets of distinctive high interest and public notoriety.
- Targets may include but are not limited to significant events, accidents, catastrophes, significant political/military events, significant human accomplishments or any other type information that would likely be on front page news.
- This project will be initiated Thursday, 20 Feb 92, and will be performed on a regular basis every Thursday for the next month. This project could be extended.
 - All inputs are due COB, each Thursday.
- The "future time window" may be any time between 1 to 6 days following the Thursday session.
